ADDRESS TO THE RELIEF CORPS.

Mrs. Sarah E. Miller of Forest Grove last night addressed the Salem relief corps of the G. A. R. She is the department president and said it gave her great pleasure to meet, face to face, and become personally acquainted with those whose interests she has been looking after. "Could we but see passing before our vision as in a panorama, all the cases of suffering and distress which have been relieved by the efforts of this organization, during the past year," she said, "we would feel so thoroughly compensated for our labors in that direction that all personal thoughts and feelings would sink into utter significance. "As we are all well aware, the primary object, or I might say, the only object of the W. R. C. is to minister to the necessities of the disabled soldier and his loved ones who are dependent upon his exertions for their maintenance and support, and in case he has been called to join the army across the dark river, we are to bind up the broken hearts he has left behind him and to see they are so provided for and that their last days shall not be spent in our county houses." The Salem corps is the oldest in the family of fifteen and has done much good work in relieving the suffering and needy. At present, in the poorhouses of different states, there are nearly 12,000 defenders of our country. During the past year the Relief Corps and Grand Army expended \$500,000 to assist disabled comrades and to prevent their becoming paupers and inmates of poorhouses.

The Oregon Land Company's ten acre lots are selling rapidly, 40 having been sold since the 8th of Sept. There is no probability that 10 acres of good land within four miles of Salem will ever again be offered for \$30 per acre on easy terms. There are now five houses in process of construction on lots already sold and roads are being opened and bridges built so that the value of all of the lots is being rapidly enhanced. Any one wishing to buy ten acres of good land for much less than the price of a city lot will do well to look at this property at once as there is no doubt but that it will all be sold inside of thirty days. Call at the office of the Oregon Land company on Commercial street and you will be shown the property free of charge. 10-11-eodif.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours.

New Route - Starvation - Politics - Warpath - Steamers, Etc.

Indians on the Warpath. ST. PAUL, Oct. 23.-A dispatch from Standing Rock agency says it is reported that 200 Crow warriors have taken the warpath against the Sioux. It is not known what the cause is, but a troop of cavalry and some Indian police have been sent out to investigate.

Aroused at Ashland.

ASHLAND, Ore., Oct. 23.-Hon. Robert McLean, one of the republican candidates for presidential elector, spoke to a large crowd in the public plaza this evening, and despite a faint Oregon mist kept every one keenly interested during the hour and a half which his address consumed.

No Harmony With Him.

NEW YORK, Oct. 23.-Gov. Hill has notified the democratic national committee that he will not appear on the reviewing stand with President Cleveland on the occasion of the business men's parade next Saturday. It is understood that Cleveland insists that the committee make another effort and have Hill reconsider his determination.

Right of Way Granted.

SPOKANE FALLS, Oct. 23.-All difficulties with the Coeur d'Alene Indians about the right of way of the O. R. & N. to cross the reservation have been settled, and such right of way granted. Two thousand men will immediately be put to work to complete the road at once, and the line will reach Spokane Falls by early spring.

The New Steamer.

SAN FRANCISCO, Oct. 23.-The Oregon Coal & Navigation Company's steamer Ajax is being finished at the Main street wharf and will make her trial trip in a week or ten days. She has been well built. She has triple expansion engines which are calculated to save 35 per cent. in fuel. The Ajax will go into the coal trade, plying between San Francisco and Coos bay.

They Give Up Oregon.

SAN FRANCISCO, Oct. 23.-The Examiner, the leading democratic paper of California, thus concedes Oregon to the republicans. Beginning a three-quarter of a column editorial on the subject, these lines appear: "In notable contrast to the eager and enthusiastic political campaigning now going on in nearly every state, is the dull, dumb monotony of Oregon's spiritless contest. The republicans are confidently indifferent, and the democrats are resigned to their fate. The fate expected by the latter is defeated by about 3,900 majority."

Another Transcontinental Route.

SALT LAKE CITY, Oct. 23.-The Salt Lake Valley and Eastern, Wyoming and Eastern, and Nebraska, and Western Railway Companies have just completed the filing of mortgages in the various counties of Utah, Wyoming and Nebraska, through which the respective lines pass. The lines of these companies constitute a through route from the Missouri river at Sioux City to Salt Lake City. The syndicate backing the road intends to complete the entire line of 960 miles within the next two years. This road will be of great importance, since it is the shortest transcontinental route and the cheapest to construct and operate. The large local business it will command, with its special advantage for handling through business, will give it superior facilities over other transcontinental lines, besides which it passes through rich agricultural districts. The coal and oil fields, with numerous mineral districts and extensive grazing lands, add greatly to the importance of this new line, passing as it will, almost entirely, through a new country.

Starving in Dakota.

MINNEAPOLIS, Oct. 23.-J. Hayman, who has just returned from another visit to Ramsey county, Dakota, the home of a colony of Polish Jews, who are suffering from destitution, says the settlement is seventeen miles from Devil's lake, and comprises seventy families, numbering 238 souls. They came here two years ago last spring, procured land, built houses, and went to work to clear the land and become independent farmers. About the middle of August a severe frost came and ruined the entire wheat crop, leaving them only about as many potatoes as they used for planting and barely enough oats to winter their stock. Trouble and suffering began at once. Their needs are fuel and bread, and these articles must be had at once, for every day increases the suffering and privation. We visited about twenty houses and found all, with but two exceptions, without a stick of wood or any other material for fire except cattle droppings. On Saturday ice was three-quarters of an inch thick, and we found numerous little children with bare feet and legs. One woman, with two little girls with bare feet and limbs, was trying to keep warm on the sunny side of the house. Some creditor had taken her cow, and left her to starve with her little ones.

The Engineers to Blame.

MAUCH CHUNK, Pa., Oct. 23.-District Attorney Sponley issued warrants for the arrests of Henry Cook and Thomas Major, engineers, John Milhearn and Joseph Post, lookouts, James Honnigan, flagman, Charles Terry and Joseph Keatin, conductors, charging them with gross negligence and willfulness, which resulted in the killing and injury of many persons in the Mud Run disaster.

Kills His Sweetheart.

OWSBORO, Ky., Oct. 23.-Noble Jayol last evening fatally shot Ella Green, to whom he was engaged to be married. He claims that it was accidental. From the fact that he tried to stab her some time ago, and has been quarreling with her about receiving other company, he is suspected of doing the shooting with intent to kill.

Skipped for Canada.

CLEVELAND, Oct. 23.-Thomas Oxworthy, city treasurer, fled to Canada with \$500,000 of city money. U. S. Senator H. D. Payne and J. H. Wade, Jr., are bondsmen.

Diphtheria in Ohio.

ATHENS, Ohio, Oct. 23.-The public schools closed yesterday on account of the prevalence of diphtheria.

Bishop Taylor, a missionary recently from Africa at the association of Methodist ministers in San Francisco, gives it as his opinion that Henry M. Stanley, the African explorer is alive and all right, and will turn up safe and sound as soon as he has perfected his extensive explorations in the dark continent.

\$5,000. Reward. \$5,000.

For a better or more pleasant remedy for the cure of consumption, bronchial troubles, cough, croup and whooping cough, than Santa Abie, the California king of consumption. Every bottle warranted. If you would be cured of that disgusting disease, Catarrh, use California Cat-cure. \$1.00 a jar; by mail \$1.10. Santa Abie and Cat-cure are sold and warranted by D. W. Matthews & Co.

Analysing a Malarial Disease.

Malarial, or malarial, disease has many forms. Physicians have, for the sake of convenience and for the purpose of indicating its most strongly marked forms, subdivided it into intermittent and bilious remittent fever, dumb ague and ague cake. But it presents an infinite variety of symptoms in different individuals. Be these symptoms what they will, always remember that Hostetter's Stomach Bitters will annihilate them at the outset, and prevent their recurrence. A review of the proofs would convince any one of the fact. This, however, is impossible because they are too numerous, and unnecessary because the effects of this grand anti-malarial specific are a matter of common knowledge. No less familiar to the public are its remedial and preventive effects in bilious attacks, constipation, dyspepsia, incipient rheumatism, debility and kidney troubles. It is, moreover, an excellent appetizer and tonic service.
